AMHA Injured/Illness List During Tryout Policy

The purpose of this policy is to accommodate players who are injured or ill during the tryout process for an AMHA Rep B or any level that requires a try-out team.

- A player who wishes to tryout for any team but is unable to tryout due to injury or illness must notify AMHA Vice-President before tryouts begin. If the injury/illness happens during tryouts, AMHA's Vice-President must be notified immediately and/or before the player's next tryout session. If proper notification is not given, considerations will not be made.
- Once the proper notification has been given, the player will be put on the Injured/Illness List.
- At this time, the Coach will have the option of choosing from the Injured/Illness list to complete the roster.
- If a Coach decides to choose a player from the Injured/Illness List, they must have approval from AMHA's Vice-President.
- Players who are chosen by the Coach from the Injured/Illness List, must have already been registered and be a member in good standing with AMHA.
- Players who are chosen by the Coach from the Injured/Illness List are required to pay all team fees that the rest of the team is required to pay, regardless of when they will actually begin playing with their team.
